

SEO Report Format

This is the format of the report you will receive each month. It is a template, not September's filled report.

Cover block (every report)

Field	Example of how it will be filled
Client / site	Industrial Devices India Pvt. Ltd. www.industrialdevices.in
Period	1 September 2026 - 30 September 2026
Status this month	Green / Amber / Red, with one-line reason

A. Executive summary (half page)

Four short bullets in plain language - not a dashboard dump.

Bullet	Always answers
1. Site health	Is the site up, fast, and are enquiry forms working?
2. Search	Did impressions, clicks, and the tracker keywords move?
3. Enquiries	How many quote / download / contact submissions vs last month?
4. Work done / next	What shipped this month, and what needs IDI input next month?

B. Search performance

Rankings, impressions and clicks. Enquiry / conversion counts sit in section D.

Metric	This month	Last month	Change	Source
Total impressions				Search Console
Total clicks				Search Console
Average CTR				Search Console
Average position				Search Console
Indexed pages / coverage errors				Search Console
Top 3 queries by clicks				Search Console

C. Traffic and enquiries

Metric	This month	Last month	Change	Source
Organic sessions				Google Analytics
Top 5 landing pages				Google Analytics
Request Quote submissions				Form / Analytics
Download / catalogue requests				Form / Analytics
Contact form submissions				Form / Analytics

Metric	This month	Last month	Change	Source
Total tracked enquiries				Sum of the three above

If a form is not yet an Analytics event, September will count from the mailbox until events are wired. That setup is part of Month 1.

D. Keyword ranking tracker

Fixed list after the September keyword map is approved. Columns stay the same every month so movement is obvious.

Keyword (examples)	Intent	Sep pos.	This month	Change	Page
gas chlorination system	Product				/product/gas-chlorination
chlorine dioxide generator	Product				/product/chlorine-dioxide-generator
chlorine dosing system	Product				/product/chlorine-dosing-system
chlorine leak detector	Product				/product/safety-system
[8-12 terms locked in Sep]	Mix				Agreed URL

E. Work completed this month

Area	Log (filled each month)
Technical / on-page SEO	Pages touched, schema, fixes
Content published	URL, target keyword, status (live / draft waiting on IDI)
Off-page / citations	Directory or listing submitted / live
Blocked / waiting on IDI	Anything paused for access or content

F. Next month and asks

Item	Owner
Priority SEO tasks for the next 30 days	Agency
Content brief for the next article (title, H2s, questions)	Agency drafts, IDI writes
Access, approvals, or copy still needed	IDI

G. Traffic-light legend

Status	Meaning
Green	No outage, metrics stable or up, agreed monthly tasks done
Amber	A metric dipped or a task is waiting on access / content
Red	Site incident, indexing problem, or enquiry path broken
